

# Disability Services – Plan Management

## PLAN MANAGEMENT

Spend more time doing what you love and let us manage your plan

Choosing The Family Centre to manage your NDIS plan means saving time on financial admin and gaining more flexibility over how your funds are used.

### It's flexible to suit your needs

When you choose to have your NDIS plan managed, you remain in control of how your funds are spent. Family Centre Plan Management gives you the choice of how you manage your provider payments – making it flexible to meet your needs.

It's easy to join The Family Centre Plan Management or to switch your plan management to us.

Join or switch with one call.

## Plan management doesn't cost you anything

Choosing to have your plan managed by us comes at no extra cost to you or your NDIS budget.

At your planning meeting, or plan review, you can let NDIS staff know that you would like a plan manager to support you. The NDIS will include funding in your plan to pay for your plan manager. This is separate from your other services and supports in your budget.

- We pay provider invoices for you
- Handle all financial record-keeping
- Keep you informed about your NDIS budget
- Easy-to-use dashboard to track spending and balances
- Real people you can talk to and meet with in person
